PROFESSIONAL EXPERIENCE

CAP Reviewer & Inspector - Fixed-term · Ministry of Agriculture and Food Sovereignty (Toulouse) *2025 - 2026 (8 months)*

- Assessed Common Agricultural Policy (CAP) aid applications using TéléPAC/ISIS, QGIS and administrative tools.
- Conducted agri-environmental inspections on **80 farms** and developed a self-assessment tool for CAP environmental conditionality.

Product Quality Controller - Fixed-term · Carrefour Supply Chain (Toulouse) *2025 (4 months)*

- Graded fruit and vegetables, handling flows of 18,000 to 55,000 packages per day.

Apprentice Category Manager - Work-study · Groupement Les Mousquetaires (Paris) *2024 (12 months)*

- Managed the promotional grocery and beverage assortment for **360 Netto stores in France**.
- Contributed to the following year's promotional strategy and to negotiations with manufacturers.
- Analysed market performance and consumer trends using Kantar, Nielsen and A3 Distrib panel data.

Agriculture CSR Project Support - Fixed-term · Crédit Agricole Toulouse 31 (Toulouse) *2023 (2 months)*

- Created and updated a financial and non-financial database for 400 farming clients using Excel and internal tools: **93% completion**, compared with the 50% planned for the period.
- Produced weekly reports, wrote a data management guide for 40 agricultural advisers and attended national meetings of the "Net Zero Carbone" programme.

Fruit & Vegetable Trials and Breeding Intern · Syngenta (Sarrians) *2022 (3 months)*

- Monitored melon and courgette variety trials in greenhouses and open fields.
- Analysed early-variety data and taste-test results.

Educational Activity Facilitator - Civic Service · JCSL Association (Toulouse) *2021 - 2022 (8 months)*

- Led career guidance, homework support, environmental education and human nutrition workshops for children from disadvantaged urban neighbourhoods.

Food Production Operator - Fixed-term · Mondelez International (Toulouse) *2021 (3 months)*

- Contributed to the production and quality control of Grany (LU) cereal bars.

Farm Intern · Mixed crop and livestock farm (Brittany) *2020 (1 month)*

- Assisted with dairy cattle and monogastric livestock: feeding, building maintenance, milking, care and monitoring.

SKILLS

- Knowledge of agriculture and agri-food sectors.
- Data: QGIS (spatial analysis and mapping); SQL (databases), Python (data analysis); Power BI, Looker Studio (visualisation).
- Client relationship management and advisory support for farmers.
- French (native), Darija (native), Spanish (B2), English (B2), Arabic (basic), Mandarin (beginner).

EDUCATION

Master's in Digital Transformation of Agriculture and Forestry (DigitalAgri) - ETSIAM / University of Córdoba
Córdoba (Spain) · 2026 - 2027

- Precision agriculture, data analytics and AI, satellite imagery and remote sensing, IoT and sensors, decision support tools.

Agricultural Engineering Degree - École d'Ingénieurs de Purpan
Toulouse (France) · 2019 - 2024

INTERESTS

- **Agriculture and intercultural studies:** Economic Botany course at the University of Córdoba (4 ECTS, 2023) and a literature-based dissertation on access to agricultural land in Africa.
- **Agricultural risk management:** online training from the Food and Agriculture Organization of the United Nations (FAO) and an agricultural loss assessment course at the University of Córdoba (3 ECTS, 2026-2027).
- **Technological and digital innovation in agriculture:** attendance at trade fairs including Innov-Agri and DataAgri.
