PROFESSIONAL EXPERIENCE

CAP Application Reviewer & Field Inspector

Ministry of Agriculture and Food Sovereignty, Toulouse · Fixed-term contract · 2025-2026 (8 months)
French central government ministry in charge of agriculture and food policy.

- Assessed aid applications under the Common Agricultural Policy (CAP) using TéléPAC/ISIS, QGIS and administrative tools.
- Carried out agri-environmental inspections on 80 farms and built a self-assessment tool for CAP environmental conditionality.

Product Quality Controller

Carrefour Supply Chain, Toulouse · Fixed-term contract · 2025 (4 months)
Top-3 retailer in France, present in 80 countries.

- Graded fruit and vegetables on flows of 18,000 to 55,000 cases per day.

Category Manager

Les Mousquetaires Group (Netto), Paris · Work-study contract · 2024 (12 months)
Top-3 food retailer in France.

- Managed the promotional grocery and liquids assortment for a network of 360 Netto stores across France.
- Contributed to the next-year promotional strategy and to offer negotiations with manufacturers.
- Analysed market performance and consumption trends using Kantar, Nielsen and A3 Distrib panels.

CSR Project Support, Agriculture Market

Crédit Agricole Toulouse 31, Toulouse · Fixed-term contract · 2023 (2 months)
Agricultural bank, regional branch of the Crédit Agricole group.

- Built and maintained a financial and non-financial database for a portfolio of 400 farming clients in Excel and internal tools, reaching a 93% completion rate against a 50% target.
- Produced weekly reporting, wrote a data management guide for 40 agricultural advisers and took part in national meetings of the "Net Zero Carbon" programme.

Intern, Variety Trials & Selection (Fruit & Vegetables)

Syngenta, Sarrians · 2022 (3 months)
Global seed company.

- Monitored agronomic variety trials on a melon and zucchini programme, in greenhouses and open fields.
- Analysed data on early varieties and taste-test results.

Educational Facilitator

JCSL Association, Toulouse · Civic Service · 2021-2022 (8 months)

- Ran career-guidance, homework-help, environment and human-nutrition workshops for children from priority urban neighbourhoods (QPV).

Production Line Operator, Food Processing

Mondelez International, Toulouse · Fixed-term contract · 2021 (3 months)
Global snacking group (brands include LU and Oreo).

- Took part in production and quality control of Grany cereal bars (LU).

Farm Intern

Mixed crop and livestock farm, Brittany · 2020 (1 month)

- Helped with dairy cattle and monogastric animals: feeding, building maintenance, milking, care and monitoring.

SKILLS

Sector knowledge: agriculture and agri-food value chains.
Data: QGIS (spatial analysis and mapping); SQL (database management); Python (data analysis); Power BI, Looker Studio (data visualisation).
Client relations: advisory work with farmers.
Languages: French (native), Darija (native), English (B2), Spanish (B2), Arabic (basic), Mandarin (beginner).

EDUCATION

MSc in Digital Transformation of the Agricultural and Forestry Sector (DigitalAgri)

ETSIAM / University of Córdoba, Spain · 2026-2027
Coursework in precision agriculture, data analytics and AI, satellite imagery and remote sensing, IoT and sensors, and decision-support tools.

Engineering Degree in Agronomy (Master's level)

École d'Ingénieurs de Purpan, Toulouse, France · 2019-2024

INTERESTS

Agriculture and interculturality: economic botany course; literature-review dissertation on land access in Africa.
Agricultural risk management: 8-hour online course from the UN Food and Agriculture Organization (FAO).
Agricultural technology and digital innovation: ongoing monitoring of the field and attendance at trade shows such as Innov-Agri and DataAgri.
